

# STYRING WINE CLUB

*"It's like a gift we give to ourselves. Twice a year  
this box arrives, full of beautiful wine."*

—Happy Club Member

Styring Vineyards is a family-owned and operated vineyard and winery. We grow just over ten acres of grapes and produce our wines on-site—about 1000 cases per year from limited varietals. We produce medium dry, flavorful whites; complex, structured reds; and fruity, balanced dessert wines—enjoyable now, but when carefully cellared, distinctive enough for the best collections.

Our Club allows you to enjoy pre-release items, library wines, and some wines crafted only for our wine Club, without a large commitment obligation. Club selections may be priced at a discount or include a special gift, depending on availability. Members may choose to pick up at the winery or have Club wines shipped. Club shipping happens in April and November with temperatures dictating exact shipping time.
