

STYRING VINEYARDS

Styring Vineyards is a family-owned and operated vineyard and winery. We grow just over ten acres of grapes and produce our wines on-site—about 1000 cases per year from limited varietals that love the Willamette Valley as much as we do.

We lovingly craft artisan wines that we enjoy drinking. We produce medium dry, flavorful whites; complex, structured reds; and fruity, balanced dessert wines—enjoyable now, but when carefully cellared, robust enough for the best collections.

A trip to Styring Vineyards for a tasting and tour is a treat you'll love. Walk the fields. See the winery. Taste the wines. Tour the cave. Meet the winemaker. Have a good time with family and friends.

Once you feel our passion for winemaking and taste our wines, we hope you will join others near and far who enjoy the benefits of Styring's Wine Club. Our Club members enjoy planned benefits as well as little unscheduled surprises and delights.

STYRING

*When something is made
by an artisan, it is done
with great care:
unique, one of a kind,
and of the finest quality.
It is a reflection of the
maker and the values
they hold.*

—Steve Styring, Founder,
Winegrower & Winemaker

STYRING WINE CLUB

**TOP
SECRET**

Pinot is our Passion. Riesling is our Wimsy.
